OVERVIEW

The National Wine Centre of Australia is one of the country's most awarded venues for social functions, birthdays and events. Located conveniently on the edge of the CBD adjacent to Adelaide's magnificent Botanic Gardens and just a short walk from the East End tram stop, the venue affords visitors a stunning outlook and unique atmosphere. With eye-catching architecture and smooth functionality, an event at this beautifully situated venue offers you and your guests a sense of excellence in an iconic destination.

Officially opened in October 2001, the National Wine Centre of Australia's event spaces were designed with adaptability and accessibility in mind. Each year, we manage hundreds of functions and events for every occasion, consistently attracting high acclaim from our clients - and it is this respect between the National Wine Centre and our clients that has made us one of the leading function centres in Australia.

Pillar-less event spaces, abundant natural light, easy access and flexible thinking complement our exceptional award-winning food and wine offering. The National Wine Centre's array of functional spaces, integrated with gracious outdoor terraces overlooking our vineyard and the Botanic Gardens, are ideal for conferences, meetings, birthdays, engagements, private functions, networking events, presentations and launches - or anything in between - for 10 to 1500 guests.

Our Sommelier Team is available to assist with any level of tailoring to ensure your guests experience the best that Australia has to offer.

THE EXPERIENCE

There is no doubt that the National Wine Centre is a unique and beautiful example of architecture – it is a piece of art located adjacent to Adelaide's stunning Botanic Gardens. The rammed earth walls, the cathedral feel, the natural light, the pillar-less rooms all add to the sense of space and freedom as a guest enters the venue.

It is this feeling of space and freedom that we bring into function and event planning. Our Events team will help you map out your event, taking best advantage of the National Wine Centre's assets, and innovate with you to help create and deliver those aspects of your function that are 'out of the box' – those parts of the experience that make your event successful.

Our commitment to service excellence, recognized by our peers in both state and national awards, transforms this planning into successful events.

Our inhouse audio visual partner, Scene Change, is award-winning in it's own right, and have a nationwide reputation for innovative, seamless delivery and client-centric thinking. We are proud to have them as our recommended supplier of audio visual services. We are also happy to recommend a range of local and national suppliers for any aspect of your event, including exhibition hire, theming or entertainment.
