

# National Wine Centre of Australia

THE UNIVERSITY  
of ADELAIDE

Welcome to the National Wine Centre of Australia.

Think of us as the wine equivalent of Switzerland during World War II, in the sense that we remain neutral to all wineries and are happy to represent any wine region as long as they keep to the Treaty of Versailles and no winery invades other wineries. We are also similar to Switzerland in the fact that we both dabble at making wine, even though no one knows about it. Our wine list is a fantastic snapshot of the Australian wine industry with a combination of current release and back vintage wines from all across Australia.

Our wine list is curated by James Boden, Sommelier at the National Wine Centre. James' aim is to showcase the width, depth and breadth of Australian wines both in our Enomatic machines and in our cellar. His focus is on exploring wines that show varietal variation as well as being accurate representations of their region. Most importantly he hopes to never be a wine snob and always aims to enjoy wine for what it is and not what it is trying to be, although he does swirl his glass too much and makes that awful noise when he drinks.

Our hope is that you enjoy a nice glass of wine from the Enomatic machines, sit outside and enjoy the wonders that are the Adelaide Botanical Gardens and find a bottle or two that is worth bringing home to enjoy with loved ones. We have something for everyone and this book should be a great read for all wine lovers. Without giving anything away... everyone lives and one of the magnums did it.

*"If I ever found a pot of gold*

*I'd buy bottles untold of the nectar of the vines*

*'Cause I'm going to die with a twinkle in my eye*

*'Cause I sung songs, spun stories, loved, laughed, and drank wine"*

*The Cat Empire, 2003*
